

I listen to K-LOVE frequently and do not want to lose access to the inspirational music that they play. K-LOVE is a radio station that I encourage youth in my church to listen to and feel comfortable that they will not encounter some of the profanity and sexually explicit humor and music that other stations play. There are very few stations I would trust recommending to youth today. I personally support K-LOVE because I truly believe that the programming can have a positive influence on the lives of the youth in my city. There are many testimonials from troubled youth who have turned away from their past and tried to build a better life for themselves. It is important for the youth in Durham, NC to have access to a radio station that can provide both spirited music they can enjoy and inspirational messages that can motivate them to improve.

It would be a tremendous loss to the people of Durham, NC if K-LOVE were replaced by LPFM broadcasters. We need more stations like K-LOVE not less. Please do not allow LPFM stations to have priority over current FM translator services like K-LOVE.

Sincerely,
Joan Novak
